

Preparation Guidelines of Synopsis for Contributed Research Presentation

Preparation Guidelines of Synopsis for Contributed Research Presentation

1. Use these guidelines to create your synopsis for the contributed research presentation that will appear in the journal.
2. The synopsis must be no more than 80 words (no more than 10 lines in the final printed version) including title, affiliation, name, and summary in that order.
3. Submit the synopsis to the Society by E-mail or an electronic medium by the deadline.
